*Hello from...
... Jon Gardiner*

I was brought up in Down Ampney and then we moved to Poulton, where my mum still lives. Michelle is from Cirencester, and we've run The Keepers Arms in Quenington since 2007. It's a very different place to the one we walked into 13 years ago, and we're very proud of what has been achieved. The pub has four en-suite letting rooms, which are usually full from May through to October. In 2015 we took part in the Channel 4 programme Four in a Bed, and were delighted to be announced as the winners! The pub itself is a thriving drink and dine pub. We're fortunate to own the freehold, so we can source the beers and wines from wherever we like - we're careful to choose a good variety from a range of local and national producers.

When lockdown began it was a scary time: it was very difficult to lock the door and walk away from a business we'd worked so hard to establish. But we were determined to use the time constructively, and we (Michelle) decorated from top to bottom, we deep cleaned and we waited... while attempting to home school two boys aged 15 and 12. We started a takeaway service, which was well supported, but we didn't feel it was safe to continue once the seriousness of the virus became clear.

We reopened the bar on July 4th, followed by the kitchen on 24th. Just about all of our sittings have been fully booked since then, which has been incredibly encouraging. The rule now is a maximum table size of six people. To eat, you need to book online www.thekeepersarms.co.uk - our kitchen is open on Fridays 5.30 - 8.30pm, Saturdays 5.30 - 8.30pm and on Sundays 12-2.30pm.

We're determined to keep the pub safe, and, while you can pop in for a pint, you'll now need to sit down and have table service. As the pub is small, we feel we can keep it safe, and we won't let it get too busy!

Thank you to everyone who is continuing to support us. We're lucky to have so many great pubs locally: your support for us all is much appreciated - cheers!

CORONAVIRUS (COVID-19)

The main initial symptoms of coronavirus COVID-19 infection are:

- **a high temperature** - you feel hot to touch on your chest or back (38°C or above)
- **a new, continuous cough** - coughing a lot for more than an hour
- **loss or change** to your sense of smell or taste

Since the new school term began, there have been many more colds around. This can make people uncertain if they have a cold, flu or COVID-19. This chart may be helpful. If you have any of the COVID-19 symptoms you should get tested as soon

as possible to find out if you have coronavirus. You and anyone you live with (or in your support bubble) must self-isolate until you have been tested and received your result - or for at least 10 days BUT there has been a shortage of testing facilities. To get a test, fill in a form online or call 111 or 119 if you cannot use the internet.

Symptoms	Coronavirus	Flu	Cold
 Fever	Common	Common	Rare
 Cough	Common	Common	Mild
 Loss of taste and smell	Sudden	Rare	Sometimes

2nd Prize (£10) no. 15 - Jessie Ann Lees

QUENINGTON VILLAGE HALL AGM

Tuesday, 27th October at 7pm, Quenington Village Hall (socially distanced)

The Annual General Meeting is an opportunity for people to hear about what has taken place in the hall during the past year, catch up with any changes, show your support for the committee - or even to volunteer your services! Everyone who lives in the area around Quenington is entitled to attend, speak and vote - although the hall is now

limited to 20 people in order to enable social distancing.

This year, two members are standing down without wishing to be re-elected - including the Chair - so nominations for joining the committee of management are welcomed. This does not necessarily mean you would have to take on chairing the meetings! The hall is a wonderful community facility, and any help to keep it in good condition and available for use would be appreciated by the current committee. Please contact Margaret Stranks (details inside front cover) if you would like to nominate yourself to stand as a committee member, or simply to find out more about what is involved.

PROTECTING OUR RIVERS

If you see any suspicious activity on or around our local rivers, please contact either the police on 101, or the Environment Agency on their hotline 0800 80700.

NEW CLERK FOR COLN ST ALDWYNS PARISH COUNCIL

David Hicks Beach: Coln St Aldwyns Parish Council is delighted to welcome Clare Brignall onto our team as Parish Clerk. We are extremely grateful to her for taking over from Chis Jackson, who has done such an amazing job for over eleven years. Thank you, Chris for everything you have done for our village. We have been very fortunate indeed to have you manage council matters so well.

NEWS FROM THE SCHOOLS

Southrop Church of England Primary School *Together We Can Fly*

Julia McLellan: By the end of the second week of term all of our pupils had returned to school, including our new Reception children. Staff and pupils really appreciate having the classes full again. We are very happy to have welcomed our new sports coach too, Miss Belcher, who is also a player for Gloucester Rugby. Becky began playing rugby from the age of 5, alongside her brother at her local club. She used to do ballet in the mornings before turning up to rugby in the afternoon still in her tutu and bun before joining straight in with the boys! She has already built a great relationship with our children.

We would normally be thinking of all things literary at this time of the year, preparing to go to Cheltenham Literature Festival and to participate in the Luke Bitmead Literary Award, which sadly is not going ahead this year. Fortunately, we will still be able to participate in the Literature Festival on-line at the beginning of October.

The topic this term in Swans is **The Power of the Earth**, looking at volcanoes, mountains and earthquakes. As well as studying rocks and soils we are looking at the art of the Japanese artist Katsushika Hokusai and his iconic tsunami picture, and the music of composer Hans Zimmer. In Cygnets it is **What is under your feet?** The children will be thinking about all the wonderful things that they would find if they just dug a little deeper: fossils, bones, insects, mud and lava.

Hatherop Castle School The Adventure of Childhood

News supplied by Chris Roberts MBE: The return to school last month was extra special for the children, as a new adventure area had been constructed in the grounds. The school's PA had been tirelessly fundraising to enable this wonderful tree-house classroom to be built for the whole school to enjoy. It will be used throughout playtimes by all the children, but will also be a new environment where children will be able to take some of their learning outside. Teachers are already planning numerous fun and engaging lessons to be taught there, and the fabulous new tree-house will be enjoyed for many years to come.

FAIRFORD JUMBLE TRAIL A GREAT SUCCESS!

On a lovely dry, warm Sunday last month, over 120 households (including at least one in Coln!) held sales of clothes, toys, furniture, household goods, cakes etc. in their front gardens or driveways, as part of the Fairford Jumble Trail. Following on from the example set by the community of Lechalde, people in Fairford wanted to hold a similar event. With fewer car boot

sales due to COVID-19 restrictions, this was a great way for people to pass on some of their surplus items and raise some money - both for themselves and for charity. In addition, the wonderful people at 7a Coffee Shop opened up specially to sell hot drinks and brownies, had a stall, and donated all the takings for the day.

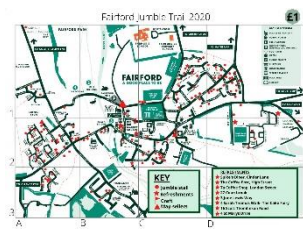

Lizzie Garthwaite organised the trail, after posting a suggestion on the Facebook page 'Fairford - Our Page, Our Town, Our Community'. She was soon inundated with people wanting to sign up to host part of the trail, and had the huge task of creating a map to show the locations of all the stalls.

With hand sanitisers available, and social distancing, hundreds of people from the surrounding area walked up and down the streets of Fairford to get some great bargains, and to support the two nominated local charities: Friends of Fairford & Lechlade Communities, and Shine Bright Support - a newer charity which works for greater mental health support for families who are affected by childhood cancer. Do check out their website:

<https://www.shinebrightsupport.co.uk/who-we-are-1>

There was a wonderful, positive atmosphere throughout Fairford on the day, as everyone joined together to have a great time raising an astonishing amount for the local charities!

MAXINE ROSE AND PIPPA THE GIANT PUFFBALL!

This sounds like the title of a fairy tale, so I'll hand you over to the story-teller!

Hello CHEQS community - I'm Max Rose. I moved to Southrop not long before lockdown, to a house needing many repairs. Sadly, I never got the chance to meet my community properly, partly as I had to self-isolate for many months. I'd lived in Oxford city centre for most of my life, so once I was free to mix again, I was keen to learn more about my green and beautiful surroundings - especially as I've been studying horticulture.

When one of my kind new neighbours picked and shared some field mushrooms with me, and explained what to look for myself, I was delighted! I'd previously done a 'fungus foray' course so was keen to get going. My clever mushroom-loving neighbour also told me about the delicious delights of a puffball! Then, whilst out walking a few days later with a friend, I spotted some white domes nestled in the long grass. It sent spores of excitement to my inner mushroom-loving side!

The giant puffball, compared to an apple

This was no ordinary mushroom! I would like to introduce you to Pippa Puff: a 3.6-kilogram puffball mushroom, with a 3-foot circumference - she had to be female (with curves to die for) and deserved a proper name!

Carrying this giant fungal specimen home attracted attention from curious passers-by: why was a woman in the middle of the village carrying a huge white object that looked as if it belonged in a science fiction movie? One tractor driver reversed his vehicle halfway up the road to

come back and photograph us. He told me it had made his day to see such an enormous mushroom - a delightful and novel experience for me, as a city person.

Max and her monster puffball

I knew I wanted to share Pippa when I picked her, and one of the first people I made sure got a slice was the neighbour who told me about their existence. I then advertised Pippa on the Southrop Facebook page inviting people to try some, and was thrilled to meet a delightful chap who invited me to visit his garden. Another lady and her two children from the next village had travelled over specially

to try some of Pippa. The mum had brought me a jar of local honey to say thank you. I was so chuffed... such generosity. However, sadly, poor Pippa had now deflated from her puffy glory and fallen foul to yellowing of her snowy flesh and was deemed unsafe to eat - it had been hard to store her as she didn't fit in my fridge! The two children were disappointed and one asked if could I tell him where to find one of Pippa's siblings! I told them the location and, much to my delight and surprise, they returned 30 minutes later with a substantial puffball mushroom. It was wonderful to see the delight on the teenage boy's face! He and his family had returned to double check it was safe to eat. His sister was longing to know what it would feel like to touch and cut up its flesh. Delightful

questions! It feels like cutting a cross between a cake, polystyrene, and foam - in case you were wondering too! The mum then asked me if there was anybody else in the village who had missed out on a slice of my mushroom. I explained that yes, there was - a very kind lady who also lives in my village wanted some but couldn't have any because it had gone off. I later heard that the family had taken some of their mushroom to her. It was a wonderful coincidence, as this lady had helped me with my shopping during lockdown! Such kindness among strangers, how wonderful and how hopeful.

In total, approximately 17 people ate some of Pippa Puff - she led complete strangers to share mushrooms, bought several lovely new people to my door, and helped children to consider foraging safely with the family. This amazing fungus brought me into a community I had missed out on, and gave me a wonderful memory and delicious meal so... Hip Hip Foray for Pippa Puff... and safe foraging to you in the abundant mushroom season!

Happy Autumn everyone!

Always be very certain it is safe before picking or eating any mushroom.

THE BIG QUIZ NIGHT

Saturday, 14th November (video-conferencing, approximately 7.30pm-9pm)

Tearfund is a well-established Christian charity which has three broad aims: to help people around the world to escape poverty, to provide relief when disasters hit, and to encourage changes to laws and individual lifestyles to help improve people's quality of life.

There will be an opportunity to support Tearfund, and at the same time test your brain power and have fun as a family or a small group of socially-distanced friends (depending on any new rules!). Thanks to the wonders of video-conferencing, people can join together locally, whilst being part of a national and international initiative. Donations to Tearfund can be made through a JustGiving account which will be set up for donations from the CHEQS area. These will then be added to the national Big Quiz Night total.

There will be more details next month, but for now look out for the fliers about Tearfund outside Coln St Aldwyns vicarage gate. To ask any questions, or to register your interest (so you can be sent a link to the online session on 14th November) contact clarebrignall@hotmail.com

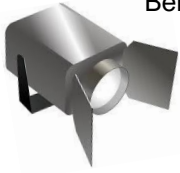

KATE'S RIDE & STRIDE TEAM 2020

Last month, Kate Hicks Beach, Kevin and Jane Lynch, Anne Marie Fisher, Helen Cuthbertson and David Hicks Beach (for most of the journey) set out at 9am on Ride & Stride Saturday to raise funds for the Gloucestershire Historic Churches Trust. It was a glorious day for the trip, and they cycled for over 23 miles around the benefice, visiting 13 churches in the process. Last year, taking a different route, they made

a county-topping £2,870 for GHCT! It's not too late to donate using the link: <https://www.justgiving.com/fundraising/st-john-the-baptist-church-coln-st-aldwyns> or David can come and collect your kind donation in a COVID-safe way. There is also a collection box and Gift Aid form at Coln Community Stores. If you need any help with the methods of donating, please telephone David on 01285 750482 or email d.hicksbeach@btinternet.com

Congratulations to everyone who took part in the Ride & Stride for our CHEQS communities, whether by walking or cycling, by helping with the churchyard clean-up in Quenington, or other sponsored activities during the day.

HIDDEN BUSINESSES

Behind the walls of some of our CHEQS residences,
people are busy running small businesses.

This month we put the

SPOTLIGHT ON...

... Candy Cowan

Charles and I have lived in CHEQS for 5 years now, firstly in Hatherop and most recently in Quenington. We moved here just as we'd finished having all of our four children in quick succession - four in four years, with no twins!

On arriving here, we realised we had no childcare network to rely on, and finding a great babysitter or help for a school run when I needed to be in four places at once seemed much harder than it needed to be. So, we set up Kowalah - a mobile platform that connects busy parents with flexible childcare.

We now have hundreds of amazing Kowalahs (the ones who look after the little people!), all interviewed and reference checked - from Chipping Norton in the north, to Bristol and Bath in the south - and who support parents with anything from regular school runs or holiday help, to one off evenings out.

This year has been quite a year, as it has for most people. On 23rd March, business stopped overnight as no-one needed childcare - and the safety of our Kowalahs and families is paramount, so we stopped accepting any bookings. But since restrictions started easing in May, it has been wonderful to see the bookings flowing again - helping parents who are now working from home, and also providing valuable work to many of the Kowalahs who are now not attending university or have sadly lost other jobs because of COVID.

We invest a lot of time in the interviewing and referencing process for new Kowalahs, and our favourite messages from parents are when we hear how their children just adore the Kowalah who has picked them up from school that day and ask when can they come back. Most of our new families and Kowalahs come in through referrals which helps us to keep the quality of the service high for everyone.

We are always looking for new Kowalahs - they need to be over 18 with their own means of transport so if you have a son or daughter not heading to university this year then they can apply at <https://www.kowalah.com/sitter-sign-up>

If you live in CHEQS, run a business from home, and would like to feature here,
please contact the editor (details inside front cover)
